

SM Raziur Rahman Pushon

Tech Enthusiast | Aspiring Engineer

Profile

I graduated from Bangladesh University of Business and Technology (BUBT) with a B.Sc. in Computer Science and Engineering. I'm devoted to developing my career in this exciting sector because I have a strong interest for technology and innovation. I first got into coding as a website developer and designer, where I developed my ability to make interesting and user-friendly websites. I have always been drawn to creative endeavors, which has motivated me to keep improving. I can't wait to use my experience to improve technology and provide creative ideas that have a significant impact.
